

## PROJECT APPLICATION FORM

### NOTES

1. The Paul Popham Fund, Renal Support Wales will support projects that will directly benefit the quality of life of Renal Patients: pre-dialysis, receiving dialysis or have a renal transplant.
2. The application must be from a Renal Unit in Wales.
3. The application can be for any project that The Unit believes will directly benefit the Renal Patients quality of life while in their care.
4. Any staff member of the renal unit can make an application to the Paul POpahm Fund, Renal Support Wales.
5. The application must be agreed by a senior member of staff prior to submitting to the Paul Popham Fund Renal Support Wales.
6. Once the application form has been submitted the Trustees of the Paul Popham Fund, Renal Support Wales will decide to approve the application.
7. Each Unit can make up to 4 applications in one year and will be managed by the administration team of the Paul Popham Fund.
8. The administration team will confirm whether the application has been approved and confirm timescales of delivery.
9. Once approved the Paul Popham Fund will keep you up-to-date with the process. Please ensure you communicate any requests for further information in a timely manner.
10. All applications which have not been approved will be confirmed via email with written details of the reasons.

Please tick to confirm you have read and understood the above notes

Please direct any queries regarding your application to [enquiries@paulpophamfund.co.uk](mailto:enquiries@paulpophamfund.co.uk) or call 0333 2001 285.
